4) "When the question of development of Tuberculosis work and the execution of the various schemes connected with this work" came up for consideration, it was considered desirable that the work relating to this section should be placed under the independent charge of an officer and Sri Jayarami Naidu was accordingly placed in charge of all the Tuberculosis Institutions in the State and his pay was raised to Rs 1000/- p.m. w.e.f. 26-8-1947 in addition to the allowances he was then drawing. (vide G.O. No. 1707-8/C.B. 94-47-1 dated 24-9-1947). Subsequently the designation of Sri Jayarami Naidu was changed to "Director of Tuberculosis Dept". He was

If the Senior Surgeon could be in charge of all the hospitals in the State, with the exception of the 7 institutions listed on the last page, there appears to be no reason why he cannot be in charge of these seven also. ment are agreed to be retrenched, I shall have no objection to the S.S. being given Rs. 1400 P. M. as pay from the date of such abolition.

(2) Coming to the question of allowances there is no work for the S.S. on account of the Railway and the allowance of Rs 50/- being drawn on that account should cease forthwith. It appears to have been first sanctioned to Dr. Robinson more or less on personal grounds and has continued since then. There is no justification for its further continuance.

(3) The allowance on account of Insurance work may continue for the present. But the necessity for its continuance may have to be considered in view of the fact that the Insurance Deptt has a highly paid doctor solely for this work. At the same time the work has increased very considerably in the last 2 or 3 years. This may be reserved for further consideration, the allowance being continued to the S.S. for the present.

7.5.49.

(4) I am afraid I do not agree with the prof. Secy in his proposal to abolish the post of Dy. S. of hospitals. The hospitals in Bangalore do require the supervision of an expert and experienced officer. It will not be possible for the S.S. to attend to this

with his attractive discharge throughout the State. The Civil Hospitals will give as much work as the Hospitals in the rest of the State. and it will be of little moreover it is an asset to the State to have a man like the present Dr. of Hospitals to supervise them. As regards enhancement of the pay of the S.S. I do not think there can be much difficulty in view of the posts of the Dr. of J. B. having been abolished. I differ from the Jt. grade pay of Rs 1000-50-1200 now, and the maximum in the grade is only Rs 1200/- and not Rs 1400/- as stated by the Senior Surgeon. If he is to be given Rs 1400/- the grade has to be revised.

16 The Financial Secretary has raised two points a) the abolition of the post of Director of Hospitals, now held by Dr. T. Sivasubramaniam, and b) the abolition of an allce of Rs 50/- drawn by the Senior Surgeon as Chief Medical Officer, Mysore Railways. If these two points are agreed to, he has no objection to the present Senior Surgeon being given Rs 1400/-. He is, however, of opinion that he would be entitled to Rs 1000/- pay, plus house allowance of Rs 250/-, plus Rly. allce of Rs 50/-, i.e. Rs 1300/- in all.

17 Dr. V.V. Monteiro, who had put in a service of eight years as Senior Surgeon, started on Rs 1000/- and the maximum he drew was only Rs 1200/-. He was also Ex-officio D.S. of Prisons, and Ex-officio Chief Medical Officer in

Subject:- Representation of Dr. B.Jayaram Naidu, Senior Surgeon for grant of a pay of Rs.1,400/ per mensem.

The post of the Senior Surgeon carries the grade pay of Rs.1000-50-1200 and the following allowances:-

Rs.250/- for doing duties as Chief Medical Officer, Insurance Department.

Rs.50/- for doing duties as Chief Medical Officer, Railways.

The Senior Surgeon is also ex.officio Inspector General of Prisons from 1-3-1949

Since June 1948, there have been several changes in the administration of the Medical Department. Dr. T.Gnanachalam was appointed on 1-6-1948 Honorary Surgeon and Director of the following Hospitals with the powers of the head of a Department in June 1948 for one year and is being continued for another year:-

(1) The Victoria Hospital.
(2) The Minto Hospital.
(3) The Mental Hospital.
(4) The Vani Vilas Hospital.
(5) The Maternity Hospital, Rellieswaram.
(6) The Bowring and Lady Curzon Hospitals.
(7) Sir Mujee Ismail Sait Gosha Hospital.

After the retirement of Dastravaidyapraveena Dr. Albuquerque, Chief Medical Officer, Women's Hospitals in June 1948, the arrangement of having a separate Head of a Department for the Women's Hospitals was discontinued and in October 1948, the Senior Surgeon was put in administrative charge of all the Women's Hospitals in the State, excluding those which are under the supervision of the Director of Hospitals.

Dr. Jayaram Naidu,prior to his appointment as Senior Surgeon on 10-3-1949, held the whole time appointment of Director of Tuberculosis. As Director of Tuberculosis, he was the head of all Tuberculosis Institutions and was drawing a pay of Rs.1000/-

with effect from 26-8-1947. After his appointment as Senior Surgeon, the separate appointment of Director of Tuberculosis was also abolished on 28-3-1949 and the duties and powers of Director of Tuberculosis have been merged with those of the Senior Surgeon. In these circumstances, the Officer states that his duties and responsibilities have increased but there has been no corresponding improvement in his pay and requests that he may be given a pay of Rs.1,400/- per mensem.

Dr. Jayaram's predecessor Dr. Monteiro, had also represented that his pay may be increased to Rs.1,400/-. This was sanctioned at first but was later modified before issue of orders for the following reasons:-

"With a lady Medical Officer in charge of Women's Hospitals and another Director in charge of T.B. Institutions and work in the State and with some of the premier hospitals in the City and Civil Stations under the charge of another Director, there is no sufficient case made out for a rise to Rs.1,400/-"

Accordingly Dr. Monteiro was informed in October 1943 that his request could not be complied with. Later, however, even during the time Dr. Monteiro was Senior Surgeon, the posts of the Inspector-General of Prisons and Chief Lady Medical Officer were abolished and he held these posts in addition as Ex.Officio.

Dr. Jayaram Naidu as Senior Surgeon now holds the above two offices Ex.officio and in addition, has the work relating to Tuberculosis, as the post of Director of Tuberculosis was abolished.

On the file, the Financial Secretary has remarked as follows:-

"Hospitals are hospitals. If the Senior Surgeon could be in charge of all the hospitals in the State, with the exception of the 7 institutions listed on the last page, there appears to be no reason why he cannot be in charge of these seven also. Each of these is under a highly paid doctor. The Director of Hospitals with his establishment is costing the State a good bit. Provided that the post of the Director of Hospitals and his establishment are agreed to be retrenched, I shall have no objection to the Senior Surgeon being given Rs.1,400/- per mensem as

as pay from the date of such abolition.

Coming to the question of allowances, there is no work for the Senior Surgeon on account of the Railway and the allowance of Rs.50/- being drawn on that account should cease forthwith. It appears to have been first sanctioned to Dr. Robinson more or less on personal grounds and has continued since then. There is no justification for its further continuance.

The allowance on account of insurance work may continue for the present. But the necessity for its continuance may have to be considered in view of the fact that the Insurance Department has a highly paid doctor solely for this work. At the same time, the work has increased very considerably in the last two or three years. This may be reserved for further consideration, the allowance being continued to the Senior Surgeon for the present"

When the papers were submitted to the Minister for Public Health and Excise, he minuted as follows:-

"Dr. Ramakrishna's application for an enhanced salary (Rs.1,400/-) was turned down twice. It may not be proper now to rake up the question in this form. But as he combines in himself the duties of the Director of Tuberculosis being in charge of Women's Hospitals and Prisons, a personal allowance of Rs.100/- may be given. By amalgamating all these offices, we save a substantial sum"

The Chief Minister and the Dewan have ordered that the subject may be considered at a meeting of the Council.

Date 4.4.49

The Secretary to the Government of Mysore,
Public Health, Food & Civil Supplies Department,
Bangalore.

Sir,

I have the honour to state that I have received my Audit Slip from the Comptroller in which my pay has been fixed as Rs.1,000/- with necessary allowance. In this connection, I wish to submit that the post of the Director of Tuberculosis, which I held so long, has since been merged with that of the Senior Surgeon. Government are aware that a short while ago, apart from the post of the Senior Surgeon, there was another officer in charge of the Women's section drawing a pay of Rs.1,000/- and the Director of Tuberculosis, who had to organise tuberculosis work in the State was in receipt of a pay of Rs.1,000/-. I now find that by the merging of these three into one office, the work and responsibility of the Head of the Department have correspondingly increased. I, therefore, request that Government may be pleased to consider the grant of the maximum pay of Rs.1,400/- to me, as is being given to other Heads of Departments.

Yours faithfully,

Bangalore, Camp: Mysore, Dated 18th October 1948.

The arrangement of having a separate Head of a Department for the Women's Hospitals in the State has not been conducive to efficient and quick despatch of work. Government are therefore pleased to restore the arrangement that was in force prior to the appointment of a Chief Medical Officer for Women's Hospitals and to place the Senior Surgeon in administrative charge of all Women's Hospitals in the State, excluding a few major hospitals in Bangalore City and Civil Station which are now under the supervision of the Director of Hospitals.
